## ABOUT THE OFFICE

Austin, the state's fourth-largest city, embraces its official city slogans "Keep Austin Weird" and "The Live Music Capital of the World." And just like the city itself, FleishmanHillard's Austin office is a dynamic environment – while complementing the city's laid-back style. The office specializes in reputation management and social marketing for a variety of industries, with a notable focus on consumer, health and technology clients. Situated downtown, the office provides the perks of being just a few blocks from the city's best restaurants, shopping, nightlife and Lady Bird Lake.
